

2018-2019 Cohort: NH Employment Data

There were 100 completers in the Initial Teacher Certification program cohort. Currently, 57 of these students are teaching in New Hampshire. Many graduates teach in neighboring New England states; however, this data isn't available for all states. At the advanced program level, there were 41 program completers. Thirty-two of these students are working in New Hampshire. Below is the information by each program
