

We use the NH DOE educator search and the publicly available educator search for 3 other New England states. Maine and Connecticut do not publicize this information. There were 35 unique program completers for the 2021-2022 academic year for the Advanced Programs still enrolling students. The data below doesn't include the information for programs closing in December 2022. Approximately 85% have earned their NH Beginner Educator Licensure and 70% are working in New Hampshire and/or a neighboring New England state.
